N.B.: It is important to carefully read all instructions before beginning the assembly and before use of the furniture.

Keep the assembly instructions for future use.

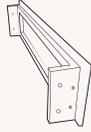

A minimum of 2 people are required for assembly.

Its Recommended to assemble the Miami Coffee Table in its final place where it will be installed.

Content

1 Miami table

2 Long Sides (A)

2 Short Sides (B)

4 Brackets

16 Dowels

1 Allen Wrench

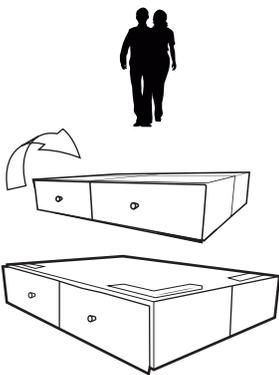

1 Cross Point

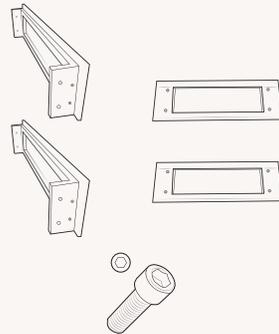

12 Allen Screws

Step 1 :

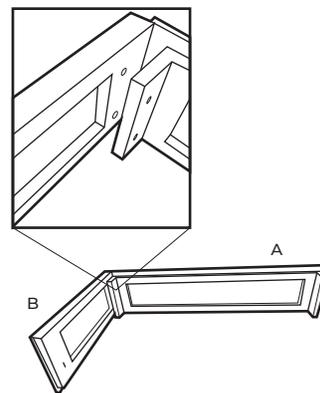

With the help of a person remove the miami table from the packaging and place it on a flat and safe surface with the cover facing down.

Step 2 :

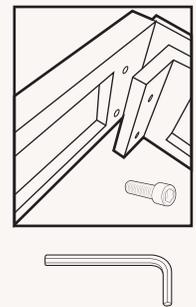

Remove the pieces to assemble the base of the table from the packaging, identify the screws that come inside the packaging and keep them at hand.

Step 3 :

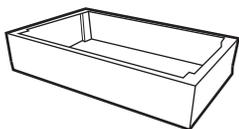

Take a pieces (A) and a piece (B) join the two ends forming an "L" shape, the pieces (B) must be outside the piece (A) as show in the image.

Step 4 :

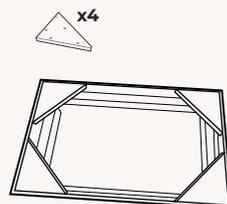

With the help of the allen wrench, screw both pieces by turning the allen screw clockwise through the hole until both pieces are fastened.

Step 5 :

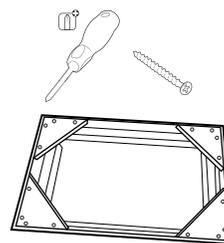

Repeat steps 3 and 4 to join the remaining pair of sides, the fully assembled piece should form a rectangular base.

Step 6 :

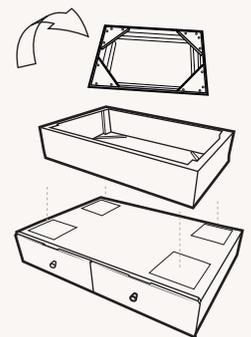

Identify the brackets and place them one by one on the upper corners following the 90° angle, as show in the image.

Step 7 :

Identify the 4 small holes in the brackets and with the help of the phillips screwdriver join the brackets by turning the pins clockwise through the holes until the piece is fixed.
Repeat this for the remaining 3 pieces.

Step 8 :

Take the previously assembled base to where the inverted table was placed, place the base on the table in such a way that the hole of the table and the central holes of the brackets match.

Step 9 :

Identify the central hole of the bracket and with the help of the allen wrench join both pieces by turning the screw clockwise until the base is fastened to the table.
