Lucca Chair Assembly Instructions

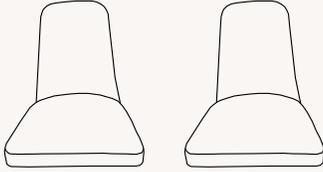

Recommendations

N.B.: It is important to carefully read all instructions before beginning the assembly and before use of the furniture.

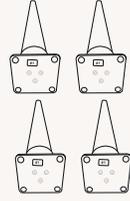

Keep the assembly instructions for future use.

In the black metal plate that holds each leg, you will find 2 small holes on one side, these should be turned in the direction of the center of the chair for a correct assembly.
For more information see image.

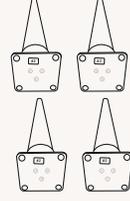

Content

2 Backrests - Seats

4 Front Legs (#1)

4 Rear Legs (#2)

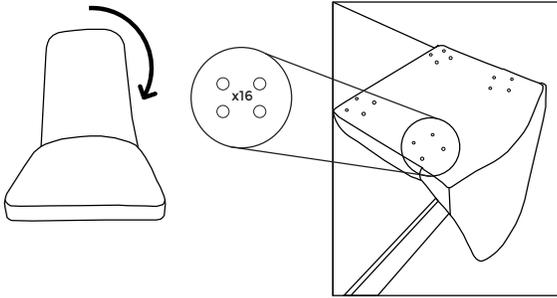

32 Allen screws
(20 mm)

1 Allen key
(4 mm)

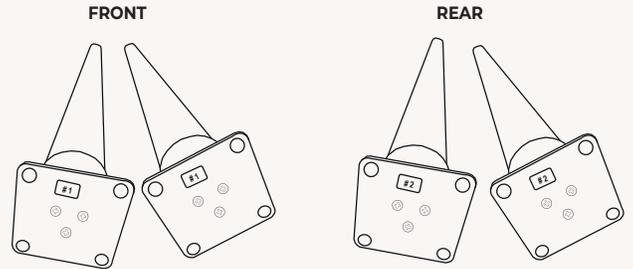

Step 1:

On a flat surface, turn the seat upside down and identify the 16 holes as shown in the picture.

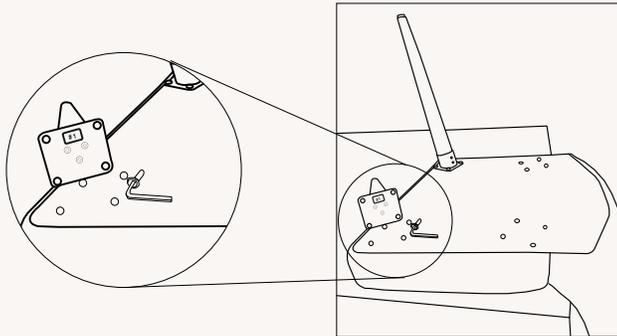

Step 2:

Remove the leg gasket and identify the front legs marked #1 and the rear legs marked #2.

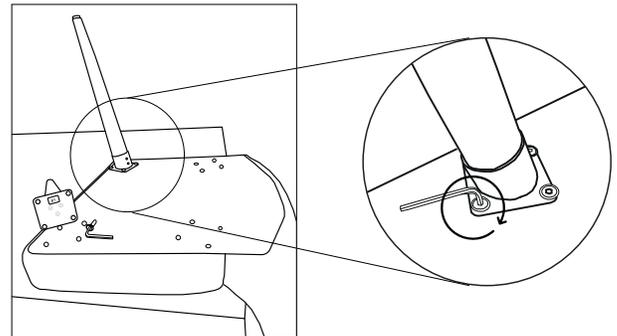

Step 3:

Identify the 4 holes in the black metal plate of the front leg #1 and mate with the seat so that the 8 holes match the front leg #1. Perform the same procedure with the other front leg #1.

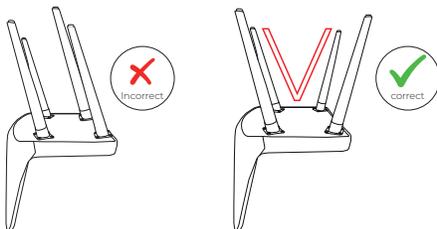

Step 4:

Once the front legs #1 are aligned to the seat, insert in each hole a 20 mm connector screw and turn clockwise joining both pieces, reinforce with the help of the 5/16 allen wrench.

Step 5:

Identify the rear legs marked with #2 and mate the plate with the seat as mentioned in the previous step 3 and 4, for proper operation, it is important that the front legs #1 and rear legs #2 simulate the letter "V" in their arrangement as shown in the picture.

Step 6:

Once the legs are attached to the seat turn the chair and place it on the floor to corroborate the level and design of the Lucca chair shown in the image.
